4) Description of the Event

At Gujarat Technological University – Institute of Technology and Research (GTU-ITR), a 'Book Talk' program was organized by the Library Department for students on 06 February 2026. The main objective of this program was to develop reading interest among students and to train them on how to explain and effectively present the content of the stories or books they had read. Considering the decline in reading habits in the modern era, this program was organized to encourage reading activities. Under the Book Talk program, students presented the content, main ideas, and key learnings from the books in a concise manner, which significantly enhanced their comprehension skills, memory, self-confidence, and ability to express ideas. The successful organization and guidance of this program were carried out under the guidance of the Librarian of Gujarat Technological University, Dr. Mahesh Solanki, with the support of the Technical Assistant Librarians of the GTU-ITR Library, Mr. Rahul Patel and Mr. Bhargav Nayi.
